Playfield Works

The playfield works are progressing well, with a significant portion of the earthworks having been completed. The playfield equipment that was due to be moved has been dismantled ready for relocation, and plans are well advanced for the re-installation of this and new equipment.

Work on the Multi-Use Games Area (MUGA) has commenced, with grading of the site complete and now ready for construction of the MUGA itself. Duration of the works and the length of closure of the playfield and permissive path remain at the mercy of the weather, but good progress has been made in recent weeks and so we are hopeful that the playfield will return to use soon.

We still hope to eventually provide more play equipment in future, but this will rely on donations to assist in funding and so we are actively seeking donations from anyone, or any organisation, that would like to help us deliver a first class facility for our children.

Vandalism & Theft

It was incredibly sad to hear about the break-in and theft of equipment from the Church Car Park tea-hut and shed on the evening of Sunday 27th September.

Although there wasn't a huge amount of damage done, an array of items were taken that belong to both the tea hut and the Musical Supper. All the serving spoons; serving gloves; large glass bowls; plates; salt and pepper grinders; hand-sanitiser; and other items were taken. It adds up to over £500 to replace them, and a real toll on a local organisation that works for our village charities.

This follows on from an incident of vandalism in the playfield where a bench and its base were damaged. As it happens, this bench is due to be relocated during the playfield reworks and so it will be fixed as part of this, but it's another example of mindless behaviour by some that has a real impact on the village.

Please be vigilant and report any incidents like this that you see or become aware of to the police.

Village Website & Parish Council emails

It will have been noticed by many that the village website was down for the last few weeks due to a 'critical error'. Our website developers have now fixed the problem. It's been very frustrating, and we ask that you bear with us whilst we clear the backlog of items to be posted and calendar updates.

On a more positive note, as reported last month, we're very close to resolving the email problem that has been dogging us over the last few months. Although we still have a couple of emails to resolve, the main ones have been brought online and so we are contactable again by using the new email addresses. As a reminder, the currently functioning emails are:

contact@edingtonwiltsparrishcouncil.gov.uk - **main email**

clerk@edingtonwiltsparrishcouncil.gov.uk - **Malcolm Wieck**

chair@edingtonwiltsparrishcouncil.gov.uk - **Emily Greening**

vicechair@edingtonwiltsparrishcouncil.gov.uk - **Steve Forward**

New Police PCSO

Our previous PCSO, Alice Moore, has been redeployed to another area. We're grateful for the interest she took in the village and in responding to our requests. Our new PCSO is **Roland Revers**, who has been at Westbury for a number of years and is very familiar with the area. We look forward to meeting him soon.

Please use these emails to contact the Parish Council and not the temporary email account that was set up as an interim measure a couple of months ago. This temporary account is now redundant and will be closed in the near future - it will not be checked or responded to.

Our apologies if we've missed any emails in the last few months but the solution was out of our hands.

Macmillan World's Biggest Coffee Morning

Many, many thanks to our friends and neighbours from Edington and beyond who came to this year's Macmillan

Coffee morning recently. Villagers and visitors enjoyed coffee, homemade cakes and catching up on village doings! It would be a poor coffee morning without cake so thanks to our members who baked an amazing range of cakes and savouries and all who helped on the day. Thanks also to Gary at the Farm shop who donated the brownies and to the Parish Hall committee who very kindly waived the hire fee. We are especially grateful to those who were unable to attend but gave very generous donations. £280 was raised on the day with electronic payments still to be notified.

Edington & Tinhead W.I. Committee

Priory Church Choir

The choir recently marked the harvest season with a lovely setting of ***For the Beauty of the Earth***, composed by Andrew Carter, who was organist and choir-master at York Minster for many years and died this January.

We are now coming into a busy season in the church's year - especially for the choir. On 1st November we celebrate All Saints, which is part of the dedication of Edington Priory Church. For the morning service we will sing the anthem ***The Eternal Gifts of Christ the King*** - an ancient melody arranged by Henry Ley. On 9th November, at the Service of Remembrance, we will sing ***1918: We will remember them*** - a short anthem by contemporary composer Jeremy Rawson. Sunday 29th November is Advent Sunday and we'll hold our regular Service of Light at 6.30pm, featuring a sequence of readings punctuated by Advent Carols. November is a busy month for the choir.

Our new children's choir, YES, is going well. We have a small core of young singers, five adult helpers and parents who join-in everything we do. The adults are having as much fun as the children! YES will be singing at the Christingle Service, 11am on Sunday 29th November in the Bratton Church Institute, with their own special song My Lighthouse. It's a fun service with lots of songs, candles and sweets! Do come and see YES sing in public for the first time.

Young or older, if you enjoy singing, why not give the church choir a try? We are thrilled to welcome new members at any time. Ring me on 07941 887703.

Andrew King - Choir Master

WI Report

Creating an Autumnal Wreath with Kat from Flower Hive - 13th October

Kat from the Flower Hive in Westbury gave us an excellent demonstration on making an Autumnal wreath using plants mainly foraged from local hedgerows and the garden. She used a 9 inch circular solid base filled with oasis.

Stage1, and the most important, is to create a foliage base which was achieved using leylandii hedging, ivy and old man's beard all randomly placed. Colour was added with Solidago, golden Chrysanthemum flowers, Virginia creeper and, for extra brightness, purple Callicarpa and orange Pyracantha berries. Finishing with dried poppy heads and pinecones, Kat had created a really beautiful wreath for use as a table setting or wall hanging. It should last for many weeks.

WI happenings:

The next Walk/Talk - will be on Wednesday 25th November, meeting at the church car park at 10am for transport to Bradford-on-Avon for the town trail.

To find out more about what we do in the WI you are invited to our next meeting on **Tuesday 10th November at 7.30pm in the Parish Hall** when **Eve Cale** will talk and demonstrate ethical gift wrapping - in time for Christmas! At this meeting we will also bring much needed items and gifts for the charity **Fear Free** who support women subjected to domestic abuse.

Meetings are at the Parish Hall in Edington on the second Tuesday in the month. Do join us, we are a friendly group!!

For more information contact Anne: 07905748359 or email: tottinghamanne@gmail.com

Edington Village Volunteer Group

A small but perfectly formed version of Edington Village Volunteer Group met on the 21st October in wet and windy conditions to tackle this month's tasks. We focussed on the area around the Parish Hall, clearing the emergency exit path and banks around the rear of the hall. We managed to achieve a great deal in a relatively short period of time adding a large pile to the collective compost heap. This month's refreshment break was hosted in the hall, featuring hazelnut biscuits.

The group meets for a couple of hours at 9:30 a.m. on the third Wednesday of each month to carry out maintenance and improvement works around the village. We always welcome new members - we're a very friendly bunch and there's usually cake.

If you would like to join us for any month's activity drop a note to me, Andrew Trigg, on dart_more@ymail.com or 07768 022041 and I'll be pleased to give details of our sessions, or just turn up on the day. We will next be meeting at **9.30am on the 18th November at the Parish Hall**.

Edington & District Gardening Club Report

Edington
and
District
Gardening
Club

Colin Higgins gave us a very informative talk on Garden Ponds and Water Features. UK ponds are in decline. 70% have been lost. (500,000 in one hundred years). There has been a 24.6 mile increase in the average distance between natural ponds. 80% remain in a poor state, polluted by sewage and human waste. They are under threat from exotic species of Flora and Fauna.

Colin covered what a pond is: A body of water that must hold one square metre of water for at least four months.

The importance of ponds:

- They support more species than any other freshwater habitat. (8,368 is the current number).
- They are nature's corridors.
- They are an early warning system of pollution.
- They help to moderate temperatures. (Absorb heat by day and release it at night).
- They can capture 79 to 247 grams of carbon per square metre per year, compared to a woodland capturing 2 to 5 grams of carbon per square metre per year.

We were shown slides of ponds in lawns, landscaped with rocks and with waterfalls. A sleeper pond can be made with 3x 8ft sleepers with rocks at the open end. Repurposing containers (e.g. a Belfast sink or an old bathtub) is a good way to introduce a pond to your garden. Always think about the position of a pond in the garden. (It shouldn't be in full sun all day. Best to get a little sun in the morning).

When planting we were advised to dig a trench for the plants around the edge of the pond and fill with pebbles in the gaps after planting.

- Plants for deep water: Lillies and Water Hawthorn.
- Oxygenators: Hornwort and Water Crows Foot.
- Marginal plants: Yellow Flag Iris, Bog Bean, Water Mint, Marsh Marigold, Cuckoo Flower, Ragged Robin, Purple Loosestrife.
- Use Pea Gravel, not compost when planting.
- Aim for 50 to 75% of the surface to be covered with planting.
- It is ok to use tap water to fill the pond initially.

A pond will attract many species of wildlife. It's important to attract a food chain. Common Frog, Toad, Newt, Grass Snake, Slow Worm, Aquatic Snails, Aquatic Moths and Hoverflies.

We were encouraged to report what wildlife we see in our garden to Wiltshire & Swindon Biological Centre (WSBRC).

Colin had brought along bird boxes to purchase and bulbs of pollinator flowers as well as cards with photos of wildlife.

The next meeting will be on **Thursday November 5th**. **Garry Mumford**, head gardener from Avebury Manor, will be giving us an insight into this National Trust Property. Visitors are always warmly welcomed at our meetings. **Meetings are held on the first Thursday in the month; doors open at 7.00pm for a 7.30pm start in the Parish Hall.**
